Steel Adjustable Machinery Skates 10-1/2 In. x 12-13/16 In. x 4-3/8 In. 6 Ton Capacity Blue

MODEL ASKT-6

Industrial Carts & Dollies / Machinery Skates

PRODUCT OVERVIEW

These machinery skates are designed to move heavy equipment and machinery. Nylon wheels are strong and will not mark floors. The top of each skate includes a rubber surface for extra grip. Steel construction with handle to carry and position. The adjustable skate includes two (2) dollies connected with a two (2) slider bars to form one larger dolly. Slider bar allows for adjustable overall dolly width. Designed primarily for moving in straight lines.

KEY FEATURES

- High capacity moves the heaviest equipment and machinery
- Slider bar easily adjusts dolly width
- Rubber surface provides extra grip
- Strong nylon wheels will not mark floors
