Aerosol Can Crusher 2 In. Bung Silver

MODEL CAN-RECY

Drum Handling Equipment / Aerosol Can Recycle System

PRODUCT OVERVIEW

Turn aerosol cans into scrap metal, using the aerosol can puncturing system, exempting them from disposal regulations for hazardous waste. This system safely punctures aerosol cans to relieve pressure, and then empties any residual contents into your drum. Thread the recycle body into the threaded bung of your drum. Unit includes puncturing device, safety goggles, and carbon filter, and anti-static wire, which prevents static buildup by grounding the drum as required by OSHA.

KEY FEATURES

- 3" maximum can diameter
- 2" bung size
- Two piece filter drains out odors and harmful emissions
- Anti-static wire prevents static buildup as required by OSHA
