Steel Open Sided Hopper 68-13/16 In. x 53-13/16 In. x 51-13/16 In. 2 Cubic Yard 2000 Lb. Capacity Blue

MODEL D-NS-200-LD

Fork Truck Attachments / Open Side Hopper

PRODUCT OVERVIEW

The open sided hopper is ideal for the material handling industry. A unique design provides an ergonomic solution to transferring and unloading large amounts of oversized items. For best use, lift the loaded or unloaded model by utilizing the fork pockets attached to the underside of the hopper. Upon reaching the destination, simply engage the auto-release lever and the products will flow from the hopper. It then returns to the upright and locked position automatically after being emptied. Hopper must be attached to fork truck when dumping. Also includes a 60" steel cable that may be operated from the seat of the fork truck to manually dump the hopper.A magnet is attached to the pull cable handle for quick attachment to the side of the hopper chute.

KEY FEATURES

- 2 cubic yard capacity
- Bumper release for a hands-free unloading
- Cable is included for manually dumping hopper, if needed
- Open ended fork pockets
