Steel Drum Lifter/Palletizer 48 In. x 45-11/16 In. x 31-1/2 In. 550 Lb. Capacity Blue

MODEL DM-550

Drum Handling Equipment / Drum Lifter/Palletizer

PRODUCT OVERVIEW

The drum lifter/palletized is an ideal addition to the maintenance and manufacturing facilities. The strong steel construction provides a durable approach to lifting and transporting drums. The upright design diminishes the bending and twisting that may occur when maneuvering heavy drums. For best use, place the unit so it straddles the drum. With the handle raised, place the lifting hooks under the rim of the drum in a secure position and lower the handle. By lowering the handle, the pressure of the down force will lift the drum and allow the user to transport it.

KEY FEATURES

- Ergonomic design to minimize manual lifting
- Allows movement of drum with less personnel
- Manual design for precise measurements of product
- Bright color for visibility

CORE PRODUCT DATA

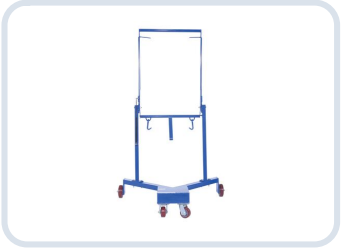

ASSEMBLED WEIGHT **185 lbs**	ASSEMBLED SIZE **45.6875" W x 48" L x 31.5" H**	SHIP WEIGHT **178 lbs**
PACKAGE 1 SIZE **50" W x 49" D x 51" H**	COLOR / FINISH **Blue**	FREIGHT TYPE **LTL Palletized**

AVAILABILITY Available **QUICKSHIP: YES**
