Partially Stainless Steel Ground Lift Scissor Table 52 In. x 50 In. 2000 Lb. Capacity Blue

MODEL EHLTG-5250-2-36-PSS

Ergonomic Solutions / Ground Lift Scissor Tables

PRODUCT OVERVIEW

A ground lift scissor table is a perfect addition to any material handling operation. Products and material can be loaded onto the platform with pallet trucks and raised to an ergonomic working height. Safety features include an entry-side electric toe guard protects pinch points during lowering of the table and a safety velocity fuse is included to maintain platform height in the event of a hose or fitting failure. The motor is totally enclosed and the partially stainless steel construction provides great protection. The remote power unit can be located up to eight (8) feet away from the table. Optional accordion skirting and additional voltage options are available.

KEY FEATURES

- Perfect for ergonomic alignment
- Built-in safety features to minimize vulnerability
- Integral system to maintain platform height
- Remote power for use away from table
