Steel Forklift Beam Mover 30-1/2 In. x 11-1/2 In. 500 Lb. Capacity Blue

MODEL FBM-7.5-500

Fork Truck Attachments / Beam Mover

PRODUCT OVERVIEW

The weight and length of I-beams make them difficult to maneuver between work areas. The forklift beam mover makes that process much more efficient. The built in fork pocket ensures safe positioning onto the lifting fork. Once in position simply slide the open bottom of the beam mover over the flange of the I-beam. This secures the beam to be easily lifted or taken to different areas. Powder-coated finish for added baked in toughness.

KEY FEATURES

- Easily secured to a forklift fork
- Design style fits a variety of beam sizes
- Steel construction for added strength
- Slim design for minimum storage space

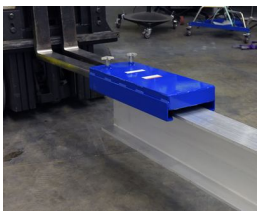

CORE PRODUCT DATA

ASSEMBLED WEIGHT **91 lbs**	ASSEMBLED SIZE **11.5" W x 30.375" L x 8.125" H**	SHIP WEIGHT **188 lbs**
PACKAGE 1 SIZE **40" W x 48" D x 16" H**	COLOR / FINISH **Blue**	FREIGHT TYPE **LTL Palletized**
