# Steel Removable Bollard Base For Low Profile Rack Guards Silver

**MODEL LPRO-RF-BASE**

Protective Barriers / Low Profile Machinery Guards

## PRODUCT OVERVIEW

The removable bollard base is perfect for around structures. The steel construction allows the unit to be resilient against the wear and tear of daily use. The base bolts to the cement foundation for simple transference from workstation to workstation. A padlock maybe added to prevent unauthorized removal (padlock not included).

## KEY FEATURES

- Bollard base bolts to your cement floor for easy bollard removal or replacement
- Bollards can be used both indoors and outdoors to protect work areas, racking and personnel
- Guard is easily inserted into base plate then secured in place
- Padlock maybe added to prevent unauthorized removal
