Steel Mezzanine Sliding Gate 54" Opening Width Yellow

MODEL MEZZ-SG-54

Protective Barriers / Mezzanine Sliding Gate

PRODUCT OVERVIEW

Workplace safety is always everyone's number one priority. While mezzanine and railed areas can be dangerous, the sliding gate is designed to ease that burden. This sliding version can be quickly transitioned from open to close and back again with minimal user interaction. The 42" rail height keeps personnel out of harm's way, while the 4" toe board helps contain any misguided steps. Unlike standard mezzanines that need additional headroom to function properly, this design needs no more space than the height of the gate itself.

KEY FEATURES

- When closed, gate covers 54" of area
- Pre-drilled surface mounting holes
- Compatible with mezzanines and Vestil SQ rails
- Lockable in the closed position (lock not included)

CORE PRODUCT DATA

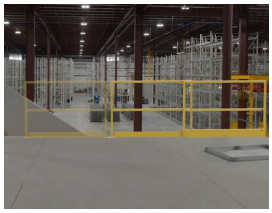

ASSEMBLED WEIGHT **100 lbs**	ASSEMBLED SIZE **6" W x 115.375" L x 42" H**	SHIP WEIGHT **146 lbs**
