MODEL PDD-5

Drum Handling Equipment / Pail Dolly

PRODUCT OVERVIEW

A pail dolly is a great accessory for the home or the workshop by delivering a more ergonomically friendly way to transfer products. Instead of lifting heavy pails, which can put stress on joints and muscles, this unit can be pushed and steered to the designated location. A large weight capacity and a 5-7 gallon pail accommodation, the user can efficiently move objects in a timely manner while minimizing risk of fatigue. The compact design is easily stored when not in use.

KEY FEATURES

- Strong construction for everyday use
- Maximizes workload proficiency
- Lightweight for transporting when empty
- Capable of housing an array of pail sizes
