Steel Pallet Master Fork Extensions 7 In. x 48 In. Yellow

MODEL PM-FE-7-48

Ergonomic Solutions / Pallet Master Fork Extensions

PRODUCT OVERVIEW

A pallet master fork extension provides the ability to lift and maneuver pallets of a variety of sizes. With the help of these extensions, each user is able to lift pallets that are longer than the standard size. The installation process is quick; culminating in the extension being secured directly to the fork itself. Capacity for each extension is determined by the capacity of the pallet master it is attached to. Max uniform capacity is 4,000 lb., not to exceed the capacity of the pallet jack the extensions are used on.

KEY FEATURES

- 7-1/4" fork pocket
- 24" usable length
- Sold in pairs
- Hardware is included
