# Steel 1 to 3 In. Offset Clips for Teardrop Uprights 1-1/2 In. x 4-1/2 In. x 2 In. Quantity of 4 Gray

**MODEL RBG-43-OC**

Storage Solutions / Back Guards for Pallet Rack

## PRODUCT OVERVIEW

The RackBack panel bolts directly to your existing pallet rack uprights creating a sturdy barrier between inventory and the ground below. Durable all welded, angle frame panels give constant protection from dangerous spills; protecting personnel while containing inventory. The unit is competitively priced with netting style backing, easy to install and protects employees by making sure nothing can fall when pushed by a lift truck or if a pallet breaks. Panels can be stacked one on top of the other to top of rack system. The "above the top" mounting allows panels to extend above top rack beam.

## KEY FEATURES

- The RackBack panel bolts directly to your existing pallet rack uprights creating a sturdy barrier
- Between inventory and dangerous spills in order to protect personnel and contain inventory
- Netting style backing is easy to install and makes sure nothing can fall if a pallet breaks
- "Above the top" mounting allows panels to extend above top rack beam
