Steel Rough Terrain Vacuum Move Lifter with 6 Suction Cups 1200 Lb. Capacity Black / Yellow

MODEL RT-VML-6-58

Overhead Lifting / Vacuum Move Lifter

PRODUCT OVERVIEW

A vacuum material lift is a great way to safely transfer large items. With the six suction cups widely spaced the lifter can be positioned in a variety of ways to best be utilized. An ergonomic walk behind steering handle allows the user to have quick maneuverability. Vacuum controls are placed at the rear of the unit to give the user complete visibility of the unit and of the item being positioned. Vacuum lifting arm is telescoping and adjustable to fit a wide range of areas. Rubber wheels are perfect for minimizing jostling while traversing a variety of surfaces. Powder coated steel construction for built in added toughness.

KEY FEATURES

- Battery powered for consistent strength
- Hand controlled for precise positioning
- Long telescoping reach
- Six suction cup pads
