# ABS Plastic Cord Protector with End Caps 40 In. x 3 In. 2,000 Lb. Load Capacity Black

**MODEL SWCP-3-BK**

Loading Dock Equipment / Sidewinder Cord Protector

## PRODUCT OVERVIEW

The sidewinder cord protector extension is an innovative new solution for protecting cords run across a floor. The new design articulates left and right allowing the system to turn corners and adapt to the layout of the room, while maintaining full protection for the cords and trip protection for pedestrians. the cords can be left in the system and coiled around a three foot diameter for the ultimate in portability, or left in place indefinitely. There is no longer a compromise between safety and flexibility.

## KEY FEATURES

- A solution for protecting cables ran across a floor
- Adapt to the layout of the room and maintain protection
- Coil around a three foot diameter for ultimate portability
- No longer a compromise between safety and flexibility
