100% Recycled Plastic Tree Grate Frame Square 48 In. x 1-1/2 In. x 1-1/2 In. Black

MODEL TG-4S-F-BK

Facilities Maintenance / Tree Grates

PRODUCT OVERVIEW

The tree grate frame delivers great support to any existing or new grates. The frame allows for the grate to provide safety to the vegetation while maintaining the quality of the surrounding environment. The units are available in a square form to better fit the users landscaping needs. With a lightweight design the units are able to be easily transported and installed for immediate use. For best use, place each portion of the frame under the surface and fasten in place. Once in place, a new or existing grate can be fitted inside the frame for a smooth, uninterrupted surface. The size can be changed easily for the inside tree hole. The material cuts similar to wood. The outside is easy to cut, but the strength can change if it is not cut in a circ...

KEY FEATURES

- Lightweight for simple maneuvering
- Durable construction throughout all conditions
- Diminishes landscape maintenance times
- Simple one person installation
