Stainless Steel Meat Buggy Lifter/Transporter 770 Lb. Capacity Chrome

MODEL VWS-770-MBG-SS

Stainless Steel Bronze / Meat Buggy Lifter/Transporter

PRODUCT OVERVIEW

If a meat buggy makes moving items easy, then the meat buggy lifter/transporter makes moving large quantities even easier. The straddling dual arms of the lifter help secure the unit in place. Once in place, the user can utilize the hand winch to lift or lower the buggy to the desired height. For transporting, the unit rolls smoothly on casters, while the upright driving handles help steadily steer. Stainless steel open design is simple to wash-down and clean after use.

KEY FEATURES

- Double lifting arm design
- Stainless steel construction
- Winch design for precise positioning
- Upright design for simple maneuvering
