Emergency Stop Button Kit For Work Platform Models

MODEL WP-SB

Fork Truck Attachments / Work Platforms

PRODUCT OVERVIEW

The emergency stop button kit is great for the distribution and shipping facilities. The unit allows the operator to shut off the fork truck power from the work platform. The unit is designed to work on gas powered fork trucks, and can be adapted to work on electric or diesel fork trucks. When installed, simply push in on the emergency stop button to immediately stop the unit.

KEY FEATURES

- Emergency stop button shuts down power when needed
- Unique design works with all types of fork trucks
- Button design has a fast reaction time for worker safety
- Unique design makes install quick and easy
